OUR
DIVISIONS

ABOUT US

Established in 2010, Hexa Tech International Trading & Contracting, a **Grade-A Electro-Mechanical Trading and Contracting Company**, brings over 13 years of experience supporting various industries in Qatar. With a diverse and multicultural team of over 700 employees, we work in sync with customer requirements. Our after-sales support team ensures seamless coverage and post-equipment delivery. We specialize in providing turn-key design, engineering, fabrication, supply, installation, testing, commissioning, and maintenance.

VISION & MISSION

Hexa Tech International Trading and Contracting is firmly on the growth path to being the leading MEP Contractor of Choice throughout the Middle East. Our motto is to deliver excellence based on our reputation for integrity, experience, and leadership.

Hexa Tech has achieved its position as one of the industry leaders in the applied engineering segment of the market.

We provide optimized solutions with value engineering techniques to reduce project costs to meet the client's budget plans while ensuring the technical specifications/requirements of the project with the best engineering practices followed.

OUR MOTTO IS TO DELIVER EXCELLENCE

Our motto is to deliver excellence based on our reputation for integrity and experience and leadership.

Our growth and profitability are maintained through innovation, technical enhancement, and adaptability to all our markets.

Our profitability is directed towards sustaining growth and to providing satisfactory returns to our stakeholders.

Our commitment to growth is firmly linked to our commitment to our employee's continuous development and rewarding careers.

We are also devoted to our employee's safety and health, job security, and welfare.
